

**ELECTIVE NAME:**

Inpatient Family Medicine

**COURSE NO:**

FMP 612

**PREREQUISITE:**

Req'd Family Medicine Clerkship

**INSTITUTION:**

MidMichigan Medical Center – Midland

MidMichigan Medical Center – Gratiot

MidMichigan Medical Center - Alma

**OBJECTIVES:**

- The student will develop an appreciation for family medicine as a specialty and become aware of the goal of continuous and comprehensive care as it relates to Family Medicine.
- The student will see patients in a variety of settings, primarily in the hospital and with some office practice and emergency room experience.
- The student will observe all facets of Family Medicine, stressing the inter-relationship of disease and prevention of disease within the family unit.
- The student will develop skill in the assessment of problems presented by ambulatory patients, though this is not central to the rotation.

**DESCRIPTION:**

This elective will introduce the student to the concepts of Family Medicine, a specialty which provides continuous and comprehensive health care on a primary basis to families. A major emphasis will be placed on practical, clinical experience through direct patient care. Students will develop a close working relationship with Family Medicine residents and faculty. Inpatient: 100%.

**EVALUATION:**

Preceptor(s) will be asked to submit a written evaluation at the conclusion of the clerkship. Faculty are encouraged to provide ongoing feedback throughout elective rotations. \*seniors Intern Equiv.
