

ELECTIVE NAME:

Advanced OB

COURSE NO:

OGR 614

PREREQUISITE:

Req'd OB/GYN Clerkship

INSTITUTION:

MidMichigan Physicians Group
MidMichigan Medical Center – Midland
MidMichigan Medical Center – Alma
MidMichigan Medical Offices - Clare

OBJECTIVES:

- The student will gain in-depth experience in the management of obstetrical patients in a community hospital setting.
- The student will further develop basic clinical skills related to the care of female patients.
- The student will learn to recognize high risk and complex obstetrical patients.
- The student will have frequent exposure to common obstetrical problems both surgical and nonsurgical.
- The student will gain experience in the total care of postpartum patients.
- The student will observe specialized OB/GYN procedures.

DESCRIPTION:

Additional exposure to Obstetrics in the preceptor mode. Participation in ambulatory and inpatient obstetrical care, including surgery. This is an internship-like clinical experience in OB/GYN and the student will function as an involved team member. It offers participation in prenatal and postpartum clinics and in the management of obstetrical problems in the outpatient setting. Students have the opportunity to observe specialized OB/GYN procedures, to assist as assigned in labor and delivery and to follow the progress of their OB patients. Students will be involved with management of high risk OB patients. The student is encouraged to attend weekly OB/GYN lectures and seminars. The rotation consists of two weeks of.

SCHEDULE:

The student is expected to round or see patients before morning report each day then sign out (at 5:00 pm or later). Each student will be required to take 4 weekday calls and 1 weekend call over the course of the rotation

EVALUATION:

Preceptor(s) will be asked to submit a written evaluation at the conclusion of the clerkship. Faculty are encouraged to provide ongoing feedback throughout elective rotations.
