Alpena 1940 Anchor Society

1940

The anchor was set in 1940, when Alpena General Hospital first opened as a city hospital. It was the result of tireless efforts by many civic-minded volunteers. Today, the 1940 Anchor Society continues the tradition of volunteers dedicated to improved health care for individuals served by MidMichigan Medical Center – Alpena.

1940 Anchor Society

The 1940 Anchor Society is an association of individuals deeply interested in MidMichigan Medical Center – Alpena and the continued provision of quality health care services in Northeast Michigan. With today's changing medical environment and continuing challenges in health care delivery, members of the 1940 Anchor Society answer the need for community support and necessary involvement.

How Membership Contributions Are Used

MidMichigan Medical Center – Alpena has been providing quality health care for more than 70 years to the residents and visitors of Northeast Michigan. Thanks to the generosity of our dedicated community, the medical center has been able to invest in vital programs and services necessary to better serve you and your loved ones.

Gifts to the Anchor Society in recent years have been directed toward improvements in the coordination of quality of care through Vital Patient Enhancements. With the full implementation of these initiatives, we have provided upgrades to the waiting rooms in ICU and on the 2nd and 3rd floors, new patient TVs, a Selective Menu program, health care transportation, Digital Mammography and added a Comfort Care Suite.

Unrestricted gifts have offered the flexibility to invest in additional areas. The focus of our appeal is on supporting our mission to the communities we serve. Your gift will help us continue to strengthen hospital programs, enhance our services and medical technologies, fund renovation projects and maintain a healing environment.
